

# Fischer - New Location

Fischer Instrumentation (GB) Ltd has opened a new Applications Centre at Sherwood Park, near Nottingham.

Located for easy access, just off J27 of the M1 motorway and next to the Mour Hotel, the expansion of our UK operations provides additional customer facilities including:

- **Demonstrations of the latest Fischer equipment and technology**
- **Free sample testing\***
- **Training**
- **Instrument service hub**

## Fischer Instrumentation

Fischer has been developing and manufacturing instruments for non-destructive testing, coating thickness measurement and material analysis since 1953.

We offer a wide range of devices for different industries: from simple handheld gauges for quick testing 'on the go' - to fully integrated, high-end systems to automatically monitor your production.

**Fischer**  
**Measuring Made Easy**

To arrange a visit to Fischer Nottingham, please contact: Phil Waring on mobile 07903 966234 [pwarings@fischergb.co.uk](mailto:pwarings@fischergb.co.uk)
